Web Page for Chapter 25

REVIEW QUESTION ANSWERS

1. (b), 2. (b), 3. (e).

SPSS ACTIVITY

Please access SPSS Chap 25 Data File B and conduct both a normal DA and a stepwise DA using all the variables in both analyses. Discuss your results in class. The dependent or grouping variable is whether the workplace is perceived as a good or poor environment. The predictors are mean opinion scale scores on dimensions concerned with perceptions of the workplace.
