Cephalalgia
An International Journal of Headache

Percent circumference changes of intracranial and extracranial arteries after treatment with 6 mg subcutaneous sumatriptan in healthy volunteers. Adapted from Cephalalgia, 33(12) pages 1009–1016, FM Amin et al.

- Prediction of headache severity (density and functional impact) after traumatic brain injury: A longitudinal multicenter study
  WC Walker et al.

- The effect of sumatriptan on cephalic arteries: A 3T MR-angiography study in healthy volunteers
  FM Amin et al.

- Migraine, headache, and the risk of depression: Prospective cohort study
  PM Rist et al.

- Randomised trial on episodic cluster headache with an angiotensin II receptor blocker
  T Tornvik et al.

About Cephalalgia

Cephalalgia is the official journal of the International Headache Society. It contains original papers on all aspects of headache and provides an international forum for original research papers, review articles and short communications. Cephalalgia’s rapid review averages 5 ½ weeks from author submission to first decision.

Readers receive timely cutting edge original articles, editorials, reviews, letters and clinical correspondence on both clinical and basic research. Subscribers also receive themed Supplements and news on events within the headache community.

Readership profile

Cephalalgia’s primary readership is physicians or scientists with an interest in the pathophysiology of headache, including neurologists, neurochemists, neurosurgeons, physiologists, endocrinologists, gynaecologists, pharmacologists, anesthesiologists, neuroradiologists, neuropathologists, psychiatrists, psychologists, pediatricians, internists, neuroscientists, and geneticists.

About the International Headache Society

The International Headache Society is an international professional organization working with others for the benefit of people affected by headache disorders. The purpose of the International Headache Society is to advance headache science, education, and management, and promote headache awareness worldwide.

Rates based on total units earned during a 12-month period. Space purchased by a parent company and subsidiaries may be combined for an earned rate.

### Online advertising

#### CPM rate (cost per thousand)

| CPM rate | £46 |

| Minimum booking | 10,000 impressions |

| Geo-targetting available | |

#### Available locations/sizes:

- Leaderboard banner
  - (one page or across entire site) – 728 x 90 pixels
- Column subtower
  - (one page or across entire site) – 160 x 600 pixels

### Other marketing opportunities

**Belly band:** A belly band is an advertisement that wraps around the middle of an issue. This is an exclusive way to place your message front and centre with each reader. Belly bands allow your message to be the very first one seen by the readers.

**Inserts:** Bound inserts, loose inserts, gatefolds, tip-ins and die cuts are available. A sample must be submitted to the publisher for approval.

**Outserts (product samples, brochures):** Be the first advertiser to be seen by readers with your promotional item or product sample mailed within the polybag of each issue, outside of the journal. This is an exclusive opportunity—only one advertising outsert is permitted per issue.

**Supplements:** Peer-reviewed supplements to regular issues provide the ideal opportunity to educate the subscribers with information related to your company’s mission.

**Reprints:** Reprints of articles pertinent to your company’s mission are excellent marketing support materials. They add credibility to your marketing message and give detailed information in an objective format. As a promotional piece, reprints represent a versatile sales tool for the distribution of up-to-date information to your target audience. We can offer printed and electronic reprints, translated reprints and reprints collections. Collections may include reprints from different journals, with varying publication dates.

### E-toc alert sponsorship

Sponsored e-TOC alerts may be available. The sponsor may include up to 40 words of text plus a logo, hyperlink and banner advert. Banner size: 468 x 60 pixels

Cancellations must be submitted in writing and will not be accepted after closing dates for space reservations.
General policy on acceptance of advertising

All advertising is subject to the publisher’s and society’s approval. The advertiser and/or advertising agency assume liability for all contents of advertising and any claims against the publisher as the result of the advertisement.

Cancellations must be submitted in writing and will not be accepted after closing dates for space reservations. If artwork cannot be provided by the above deadlines or an extension approved by the publisher, then the publisher will run the most recent artwork submitted. If no artwork is on hand, then the advertiser will still be responsible for payment on the space reserved.

Mechanical requirements for print advertisements

Full page, bleed
282mm x 216mm
Full page, trim size
276mm x 210mm
Full page, type area

Bind-in cards and inserts

All bind-in cards and inserts are jogged to the head. All bind-in cards and inserts must have 3mm trim beyond the crop mark area of the head, foot, gutter and face of the advertisement. Perforation must be 9mm from gutter. All live copy should be no closer than 6mm from the trim.

Requirements for electronic delivery

Please submit advertisements as print-ready PDFs. Files may be forwarded by email, or uploaded to an FTP site. Contact Tamara Haq for FTP instructions. Crop marks should be placed on all advertisements that bleed and offset. All colour and greyscale graphics should be a minimum of 300 dpi at the finished size. All bitmap/line-art graphics should be a minimum of 600 dpi at the finished size. Colour graphics must be in CMYK and/or pantones, not RGB. The publisher is not responsible for any errors in reproduction if artwork is not provided according to the above specifications.
