Other marketing opportunities

**Belly band:** A belly band is an advertisement that wraps around the middle of an issue. This is an exclusive way to place your message front and centre with each reader. Belly bands allow your message to be the very first one seen by the readers.

**Inserts:** Bound inserts, loose inserts, gatefolds, tip-ins and die cuts are available. A sample must be submitted to the publisher for approval.

**Outserts (product samples, brochures):** Be the first advertiser to be seen by readers with your promotional item or product sample mailed within the polybag of each issue, outside of the journal. This is an exclusive opportunity — only one advertising outsert is permitted per issue.

**Supplements:** Peer-reviewed supplements to regular issues provide the ideal opportunity to educate the subscribers with information related to your company’s mission.

**Reprints:** Reprints of articles pertinent to your company’s mission are excellent marketing support materials. They add credibility to your marketing message and give detailed information in an objective format. As a promotional piece, reprints represent a versatile sales tool for the distribution of up-to-date information to your target audience. We can offer printed and electronic reprints, translated reprints and reprints collections. Collections may include reprints from different journals, with varying publication dates.
