Handwriting

The Way To Teach It

Second Edition

'**Handwriting: The Way to Teach It** should be required reading wherever primary school teachers are trained, then perhaps there would be fewer young people still struggling to communicate in legible writing in secondary school and later life' - *Handwriting Today*

'I found this a fascinating book to read, I could identify with my time at school when I would often write with my paper almost in at right angles to my body because I found this comfortable, and the teacher's insistence that the paper be "straight" in front of me. This then made me twist my body into a ridiculous shape, and would sometimes result in punishment for not "sitting on the chair correctly"....if only the teacher had understood the same principles as Rosemary Sassoon, who in this book emphasizes "flexibility and clear thinking about essential issues, rather than to impose solutions' - *Spare-Chair*

'This is a comprehensive textbook, and an extremely accessible and practical guide which should be on the bookshelf of every practitioner. I recommend it highly' - *Jeni Riley, Head of Early Childhood and Primary Education at the Institute of Education, University of London*

This book is an essential classroom guide to the teaching of handwriting, and presents many examples and imaginative ideas to make learning to write more effective and interesting for children and for teachers. This **Second Edition** includes material on problems which children can have with handwriting, and how to diagnose and remedy them.

Abridged Contents

PART ONE: Planning Handwriting Across the Whole School \ PART TWO: Classroom Management \ PART THREE: A System For Teaching Letters \ PART FOUR: A New Way of Looking at Handwriting Problems.

2003 • 128 pages

Hardback (0-7619-4310-2) / Paperback (0-7619-4311-0)
